DETAILED ACTION

Election/Restrictions

Claims 1, 2, 4-19, 26 and 27 are allowable. The restriction requirement between the following groups;

Group I, claim(s) 1-19, 26 and 27, drawn to an emulsion,

Group II, claim(s) 20-25, drawn to a method of making an emulsion,

Group III, claim(s) 28-30, drawn to a method of making a gypsum/wood fiber article,

and

Group IV, claim(s) 31-44, drawn to a product,

as set forth in the Office action mailed on 5/29/2008, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 28-30, directed to a method, are no longer withdrawn from consideration because the claims require all the limitations of an allowable claim. However, claims 20-25, directed to a method of making an emulsion, and claims 31-44, directed to a product, remain withdrawn from consideration because the claims fail to require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lisa Jones on 12/3/2009.

The application has been amended as follows:

In Claim 12, following the word "wherein" and before the word "a", the words -- the emulsion comprises-- have been inserted.

In Claim 12, the word "has" has been deleted and the word --having -- inserted therefor.

In Claim 12, last line, following the word "wax" and before the word "is the word -- that-- has been inserted.

In Claim 29, first line, the word "wax" has been deleted.

In Claim 30, first line, the word "wax" has been deleted.

Claims 20-25 and 31-44 have been canceled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the nearest prior art, Wantling (7294189), teaches the claimed composition but fails to teach the claimed surfactants. However, the reference is no longer available as prior art following the Declaration under 37 C.F.R. 1.132 submitted on 11/20/2009. None of the other cited art discloses or makes obvious a composition comprising the polymerized methylene coupled alkyl phenol as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DENNIS CORDRAY whose telephone number is (571)272-8244. The examiner can normally be reached on M - F, 7:30 -4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven Griffin can be reached on 571-272-1189. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
